Around the world & around the corner

Take a virtual tour of the campus.

Henley is an international business school with campuses worldwide; over 150 academics from 18 countries teach a curriculum with a truly global perspective.

It's part of the University of Reading - a campus university with over 19,000 students.

The ultimate location to further your ambitions.

Our great location is one of the many advantages of studying at Henley. The Whiteknights campus is only a short distance from Reading town centre, which has some of the best retail and entertainment facilities in the South East.

London Paddington is just 25 minutes from Reading by train

Direct links with both London Heathrow and London Gatwick airports

Oxford is just 25 minutes by train

If you prefer the countryside to city life then there are plenty of attractive riverside towns and villages to discover along the beautiful Thames Valley, as well as country walks in the Chiltern Hills. Plus, Bicester Village – the designer outlet shopping centre – is just an hour away by car.

The town has a proud history of welcoming people from across the globe, and international students often comment on the warm atmosphere and multicultural vibe found here.

WHITEKNIGHTS CAMPUS

Our beautiful parkland campus at Whiteknights was voted one of the best open spaces in the UK and awarded the prestigious Green Flag in 2020 for the tenth consecutive year, recognising it as one of Britain's top green spaces.

We have 130 hectares of green parkland surrounding a central hub of key buildings, so you'll find plenty of places to relax during the day. The campus is at the centre of University life and provides a special sense of community.

Campus

Whiteknights campus is a beautiful green oasis, with its distinctive woodland walks, conservation meadows and large lake. Its appeal stems from both the natural beauty of the landscape to the University's architectural diversity.

Green Flag Award

The £25 million Business School is one of the most visually impressive buildings on campus. It houses a 250-seat conference-standard lecture theatre, seminar rooms, dedicated research space, a popular café and visitor area, and the specialist Henley Business School Library.

Next door is the ICMA Centre building, home to our Finance Masters programmes. It incorporates three state-of-the-art dealing rooms equipped with more than 100 Refinitiv Eikon supplied terminals. We were the first business school in Europe to introduce dealing rooms and remain the only university with a facility on such a scale.

HENLEY BUSINESS SCHOOL LIBRARY

The Henley Business School Library, exclusively for the use of Henley students, provides an ideal place for private and group study and easy access to specialist publications, journals and reports, electronic databases and resources.

THE UNIVERSITY LIBRARY

The University has invested £40 million in to the central library refurbishment. The Library website gives you free 24/7 online access to many thousands of subscription and peer-reviewed e-journals, e-books and databases.

REAL ESTATE & PLANNING

The MSc in Real Estate at the Henley Business School appealed to me because of its unrivalled reputation and access to a vast industry network. Not only that but the course offers a well-structured and balanced array of modules that has allowed me to select the pathway best suited to my particular interests in the sector.
